

VAUCHÉ hires :

SITE MANAGER

Vauché, based in Sedan, specializes in the design, construction and rehabilitation of plants dedicated to recycling and waste recovery. It consists of a design office, as well as a workshop. With more than 250 installations in France and around the world, it draws its success thanks to its experience, expertise, and constant innovation.

Under the responsibility of the operational director, and in connection with the design office, purchasing, commercial, manufacturing, quality, and research and development, the site manager will:

ACTIVITIES / RESPONSABILITIES

- Follow up with the project manager of the assembly schedule
- Supervise the assembly of equipment in compliance with quality and deadlines
- Report regularly on the progress of the project and the difficulties encountered to the project manager and the various stakeholders
- Ensure the availability of equipment on the assembly site
- Follow the subcontractor assemblers
- Assist the project manager at site meetings as the company representative regarding assembly
- Responsible for obtaining the completion report (with the project manager)
- Assist in industrial testing, development and commissioning
- Supervise or ensure the safety coordinator function during the construction phase
- Participate in the continuous improvement of working methods
- Perform checks according to the assembly plans

REQUIRED PROFILE

- Significant experience in a similar role
- Mastery of reading industrial plans
- Autonomous, dynamic and responsive
- Ability to adapt, communicate, analyze and synthesize

Full-time position in national and border travel.
